DON'T WANT WAR

RUSSIA BACKING DOWN

The Ona's Influence for Peace is Making Itself Felt—War May be Averted.

(Bulletin Special Dispatch.)
New York, Jan. 21.—A special dispatch from St. Petersburg says that great efforts are being made in Russia to prevent war.

PETER TALBOT

UNANIMOUSLY CHOSEN

To Contest Strathcona Constituency For the Dominion House of Commons.

Peter Talbot, M. L. A., of Lacombe, was last night unanimously chosen the Liberal standard bearer in the Strathcona electoral district, for the House of Commons. The convention was largely attended, very representative and extremely enthusiastic and when the result of the first poll was made known and it was shown that Peter Talbot was the practically unanimous choice of the meeting, loud and prolonged and enthusiastic cheering broke out and lasted for several minutes.

Delegates were present from every part of the constituency. A. S. Rose, M.L.A., occupied the chair with Eugene Khan as secretary. Speeches were delivered by S. Wilson, Peter Talbot, M.L.A., A. C. Rutherford, M. L. A., Dr. McIntyre, A. S. Rose, C. D. Alger, A. R. Dickson, George P. Smith, C. W. Crist, C. C. Reed, Judge Tipton and others.

Resolutions were unanimously carried amid great enthusiasm endorsing the general Liberal policy and particularly as it concerned the west, the Liberal tariff and transportation policy, expressing the convention's appreciation of the representation of the constituency by Frank Oliver, M.P.

The meeting closed with deafening cheers for Sir Wilfrid Laurier and Peter Talbot, M.L.A.

A full report will appear in tomorrow's issue.

NEWS OF THE WORLD

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, Jan. 21st.

B. C. & K. British Columbia production shows splendid increase.

WINNIPEG CURLERS AT MINNEAPOLIS.
Winnipeg curlers reached the eight in the Minneapolis bonspiel.

BRITISH EXPEDITION DOING WELL.
The British expedition into Tibet is making gratifying progress.

BRANDON NOT IN IT.
The Thistles of Rat Portage again defeated the Brandon hockey team.

CHAMBERLAIN AND THE NEWSPEPERS.
British newspapers vary in their opinion of Chamberlain's last speech.

MANITOBA HAD FOR SOUTH AFRICA.
Twenty thousand sacks of Manitoba flour were shipped to South Africa.

PROMOTION FOR JAMES.
Mr. E. A. James has been promoted to the general management of the Canadian Northern Railway.

CANADA AND UNITED STATES.
There is a growing sentiment in the United States for reciprocity with Canada.

LARGE CATTLE SALE.
An important sale of valuable Shorthorn cattle was held at Hamilton yesterday.

STOCKS STRONGER.
So stock is much stronger and the traffic shows the best gross increase for the current year.

J. CASHEL'S TRIAL IN PROGRESS.
At the trial of John Casel yesterday, the contents of a road letter written by him were revealed.

BYE-ELECTIONS

Eight Bye Elections to be Held Next Month for the Dominion House of Commons.

(Bulletin Special Dispatch.)
Ottawa, Ont., Jan. 20.—Arrangements are being made to hold eight bye-elections in February.

FOUR LIBERALS

Will be Elected in Four Bye-elections in and Near the City of Montreal.

(Bulletin Special Dispatch.)
Montreal, Jan. 21.—Camille Pichet, chief Liberal organizer, says the four bye-elections to be held in and around Montreal before the session, will all go Liberal.

EDMONTON CURLERS

Giving a Good Account of Themselves in Calgary—The Standing of the Rinks.

(Bulletin Special Dispatch.)
Calgary, Jan. 20.—Edmonton rinks did well in the bonspiel yesterday. Laurier has won three games and lost none. Giles and Laurier are two of seven rinks now in the Grand Challenge cup competition.

Cushing defeated Mercer in preliminary Challenge, but was beaten by Sparford, of Calgary.

Rae was beaten by McGill, of Calgary.

Only three games were played yesterday in the McGill trophy. Laurier won, but Sparford, of Calgary, beat Mercer.

Cushing, Giles and Laurier, each won their games in the Brewery-cup competition.

Rae defaulted to Giles in Visitor's contest.

(Bulletin Special Dispatch.)
Calgary, Jan. 21.—Edmonton rinks were just fairly successful yesterday.

Giles was knocked out in the Grand Challenge.

Laurier is one of six rinks still in this competition and is playing this morning. He is leading, and if he wins he will be in the semi-finals.

Laurier was knocked out in the McGill competition. Giles is the only Edmonton rink in this.

Cushing has reached the semi-finals in Brewery competition. Laurier and Giles are still in, but are now drawn against each other.

SUDDEN DEATH OF W. R. STEWART

Herald
W. R. Stewart, of Meadow Creek, one of the best known horsemen in Western Canada, dropped dead while waiting for a train at St. Thomas, Ont., yesterday.

The sad news was received by his brother, David Stewart, when he arrived in the city last night from Edmonton to attend the curling bonspiel.

Deceased was one of the best known men in this part of the country and was the Liberal candidate for the Commons in the Macleod district. Mr. Stewart was born in Guelph, Ont., where his father was a grain dealer. When a young man he came west and for years was known as one of the best broncho-busters in Alberta. He was also an expert with the rope.

Mr. Stewart was apparently in good health until the time of his death. Some weeks ago as president of the Territorial Horse Breeders' association he went to Ottawa to urge the government to prohibit Americans bringing into Canada scrub horses on paying only a small duty. Mr. Stewart had a fine stock farm at Meadow Creek on which he raised some fine trotting stock.

Deceased leaves a wife and small family.

DISGRACE TO EDMONTON

Editor Bulletin.—Having occasion the other day to go out to the dog pound, I was surprised to see the disgraceful way dogs are cared for during the time they are held there. A small log building with a roof of a kind, I'll allow, not plastered or even chinked, and without one particle of straw or hay for the animals to lie on; just a mass of filth.

The councillors on this committee should be ashamed of themselves should this exist without their knowledge, and more so, should it exist and they know of it.

J. C. BRENNER.

CLOVER BAR

The Grand Trunk Pacific Railway engineers have run a line through here, crossing the river at Clover Bar and running southeast by way of Doug Lake; and the Canadian Northern surveyors have run a line through

this settlement, bearing northeast by way of Fort Saskatchewan.

Harry Horton is recovering from his illness. He is able to sit up a short time now in the day time.

Lots of snow now for sleighing. It gives the settlers a chance to get along with their work. As it is a great advantage having to do their sleighing in winter.

Logs are commencing to come in now to the mill site for sawing, where Ottewill and Rae intend setting up their saw mill.

There will be a public meeting at the Baker schoolhouse, in East Clover Bar, on Saturday, 23rd inst., in the evening to organize a political association on the same principles as the one organized at Clover Bar.

The teams that went to the Barr colony with lumber are expected back this week.

Some of the excursionists who left here for Ontario in December have arrived back home again quite satisfied with Sunny Alberta.

One of the tunnels in Wm. Daly's mine, has caved in, causing serious delay.

The coal business is booming these days at the Clover Bar mines. The thermometer has dropped down quite low the last two days.

January 18th.

PONOKA NOTES.

(Bulletin Special Dispatch.)

Ponoka, Jan. 20.—The recent fall of snow has resulted in enlivening business generally. Previous to that the roads were in very bad condition and the farmers were unable to haul their grain to market. Grain is coming in quite liberally now and as a result both business men and farmers have cause for rejoicing.

C. C. Reed, J. W. O'Brien, C. D. Alger and Eugene Khan are in attendance at the Liberal convention for the nomination of a candidate for the Strathcona constituency.

Mr. Alexander has been prominently mentioned as a possible nominee of the convention.

The Ponoka community last week suffered the loss of one of its most widely known and most highly esteemed citizens in the person of David Wing. Mr. Wing has been a resident here for the past three years and during that time has won the respect and admiration of the community generally.

For the past year he has been a sufferer from cancer of the stomach, which resulted in his demise on the 17th inst. At his own request made upon his dying bed, interment was made in the cemetery in the Dakota settlement fourteen miles northwest of town, funeral services being conducted by Rev. J. W. Boynton.

As a citizen and neighbor perhaps no man in the vicinity would have been more generally missed and mourned.

On Wednesday Charles McCann and Archie March, two of the younger gentry of the town were arraigned before C. D. Alger, J. P., on the charge of breaking into Henry Dick's store Monday night, and stealing several articles together with what cash there happened to be in the till. The case was adjourned till one o'clock on Friday.

Henry Dick, for the past several years a sufferer from some sort of nervous trouble, was taken to Calgary for treatment at the hospital.

The Simons Bros. returned from Edmonton Wednesday with a new portable sawmill rig, which will be set up on the Plinman river, west of Ponoka.

The Ponoka district continues to show a phenomenal improvement in the way of settlement and civilization. New settlers are arriving and the older settlers are making great improvements in the appearance of their farms.

Two cases of assault have recently been tried in our village court.

The village overseer is daily expecting the proclamation from the Lieutenant governor incorporating Ponoka as a town. Three and a half years old, with a population of over 600 and with all the dignity of a full-fledged town is not a bad record.

JUST OPENED

With a full line of Artists' Materials, House, Carriage and Wagon Paints, Oils, Brushes, Varnishes, etc. Also the Largest, Best and most carefully selected stock of Wall Paper in the City.

FRANK W. GRAY

Wholesale and Retail.

BENTLEY

Advertiser.
Bentley has a shooting accident to report this week. Tuesday afternoon Miss Minto Shirley took a 22 Winchester out for target practice. The gun did not work right, and while she was examining it to see what was wrong, it was discharged. The gun was pointing in the direction of the stable, a hundred yards distant at the time. The ball passed through an inch board, afterward striking George Blah, who was working in the stable at the time, in the left thigh, passing almost through the leg. Dr. Simpson was called and probed for the bullet, but it could not be found. The wound was properly dressed, and Mr. Blah is doing first rate.

NEW ADVERTISEMENTS.

WANTED.
To purchase, house having not less than eight rooms, bathroom and laundry; location west of Second Street, H.B.R. and south of Jasper Avenue preferred. Address, stating lowest price and date to view, Buyer, Bulletin office.

WANTED.
A few boarders at private house. Handy for business men. First house east of Fraser's farm lumber yard.

THURSDAY, JANUARY 21ST, 1904

DOMINION EXHIBITION

It is gratifying for the members of the Board of the Winnipeg Industrial Exhibition to be able to announce that the Dominion government has made a liberal grant of \$50,000 for the holding of the Dominion fair in Winnipeg during the summer of the present year, and the city council have, with commendable promptness, decided to support this important project by assuming all the expenses of enlarging the present buildings and making the necessary additions to same. It is, therefore, an assured fact that Winnipeg and the Canadian West is this year to have the exhibition, and to be the centre to which all eyes will be turned from all parts of the Dominion and also from our neighbors across the line. It is impossible to estimate the important bearing which the holding of the fair will have on the development and progress of the West. The whole country will be benefitted by the manner in which such an event will display to the West the manufacturing resources of the eastern manufacturer, making them acquainted with the goods required for their own use and consumption, and it will also enable the eastern manufacturer to become acquainted with the wonderful possibilities of the West which such a fair will bring before the world's attention with greatly enhanced conspicuousness. The Dominion, therefore, as a whole will be benefited in the bringing together of the east and west by this great All-Canadian Exposition.

Business men and merchants all over the Dominion recognize the importance which attaches to this event and all classes will doubtless unite to make this fair one that all alike shall be proud of.

During the past few seasons immigrants have flocked into the country from all quarters of the civilized world. The indications, even before the fair was announced, were, and still are, that the flow of settlers this year will be greater than ever before. The Winnipeg Industrial Exhibition has long been recognized as one of the greatest, of not the greatest, immigration agent, in that it has made the resources and possibilities of the country so widely known. Each year large quantities of literature have been scattered broadcast, and visitors to our prairie provinces have been astonished while viewing the golden wheat and other products of our virgin soil.

The president of the association has said that from the point of view of immigration, the fair will be simply splendid. With regard to the trade between the east and west, it will secure the closest relations between the citizens of this vast agricultural section of the Dominion, the people of the cities and districts of British Columbia and the Pacific generally, and the older provinces of the east.

The Canadian West with its rapidly extending needs for articles produced in the east, is a large field in which the United States goods have been in active competition with goods made in Canada. In order, therefore, that the eastern manufacturers should secure this trade, they need to study the requirements of the West and the people and bring their goods before the attention of the west generally. This opportunity will be amply provided at the Dominion Fair.

The following opinions from men prominent in business circles in the east are interesting and show the importance that is attached to this western country.

Mr. Geo. E. Drummond, president of the Canadian Manufacturers' Association, made the following statement: "The members of the Canadian Manufacturers' Association who recently visited the Northwest, made a close examination into the conditions of trade and commerce as between the east and west, and were convinced that something practical must be done to divert to the Canadian the trade that is now going to the United States and other foreign sources so as to carry out the policy of the fathers of confederation when they

formed the Dominion out of scattered provinces, viz. the west must trade with the east, and the east with the west, if the country and its enterprises are to be placed upon a solid basis.

Their investigation convinced the members of the Canadian Manufacturers' Association that a very practical way to bring Canadians together on common ground, where they could learn by personal investigation the capabilities of their country, as to the products which the west can offer the east and the east to the west, would be to hold a Dominion Exhibition in Winnipeg."

MORINVILLE

On Tuesday, 19th inst., Joe. Billo, of Cammore, and Miss A. Desmarais, of Morinville, were united in the holy bonds of matrimony. Reverend Father A. Ethier, parish priest, performed the ceremony. Our best wishes to the newly married couple.

The well wishers of the new Morinville convent will be glad to hear that the celebration held on the 10th inst. brought the nice sum of \$309. The committee wishes to convey their sincere thanks to all those who contributed to the success of the affair by their talents, or encouraged it by their presence.

The sisters who are going to open the new convent will arrive at Morinville on the 21st inst. and open the school on the 25th. They will teach in French and English.

Rev. Father A. Ethier is in town today, with the trustees of the school in the interests of the new convent.

HIGH PRICED WHEAT

Minneapolis Journal.

The London Statist is becoming somewhat alarmed over future wheat supplies for the United Kingdom and is casting about to ascertain from whence the bread of the country is to come. It is of the opinion that the world's wheat consumption is growing much more rapidly than the production. In the last twenty-five years the world's wheat production increased 53 per cent.; the Statist wants to know where a similar increase is to come from in the next 25 years. According to the Statist's view the older wheat producing countries of Europe and the United States have now reached the limit of their surplus production.

To northwestern people who have kept a close watch on the extension of the wheat fields of Western Canada the Statist's views regarding the future role of that region as a wheat producer will be interesting. It does not take the sanguine view that is generally taken as to the rapidity of future expansion of wheat production in Canada. Its theory is that there is a direct relation between railway mileage and wheat production. It argues that conditions in Canada do not make it possible for railway mileage to grow as rapidly as it has in the United States in the past twenty-five years. Therefore, reasons the Statist, Canada will not come forward so rapidly in wheat raising as the United States did. The most Canada can do in the next ten years, according to the Statist, is to increase its mileage by 50 per cent. or about 12,000 miles, and that will permit it only to double its present wheat production.

This is certainly an interesting argument. It has been customary to say that, inasmuch as there are at present 100,000,000 acres of good land in Western Canada, and the 3,000,000 now devoted to wheat are producing 50,000,000 bushels, Canada should ultimately produce 2,000,000,000 bushels of wheat. But, of course, even when the whole 100,000,000 acres shall be brought under the plow, a part of it will be devoted to wheat raising. It will be doubtful whether more than 50,000,000 acres will ever be devoted to wheat. Already diversified farming is becoming prominent. It is notable that in Manitoba the wheat acreage is only 60 per cent. of the entire cultivated area. Then, too, by the time Canada is raising as much wheat as the United States is raising today, she will have a large home population to feed. If the Statist is right in its assumption that Canada must build 12,000 miles of railway every time it adds 50,000,000 bushels to its wheat growing capacity, American wheat growers have nothing to fear from Canadian competition, since the Canadian growth of output will not keep up with the growth of the demand. Bradstreet's, however, in commenting on the Statist's discussion, maintains that wheat production can be increased much more rapidly in proportion to the extension of railway mileage than the Statist thinks.

The general conclusion of the Statist is that it will be impossible in the near future to extend railway mileage in any of the world's new wheat countries fast enough to increase production in proportion to the growth of demand. This means, of course, and the Statist predicts, a higher level of wheat price in the next ten years than the world has experienced in the last twenty.

If the Statist is right wheat land is worth owning.

Earlier handing in of copy would be greatly appreciated by the management and the advertiser.

1904
REVILLON FRERES.

No better time than the beginning of the year to tender our sincere thanks to our very numerous customers and to solicit a continuance of their patronage, and also predict that the present year will largely increase the number. We have been in the country only for a short time, but we are here to stay and our aim in the past has been to give the biggest value for the smallest money, and we intend to carry it out in the future.

HERE'S A STARTER FOR 1904
FLOUR

Like everybody else we have sadly realised that through an unusual accident our wheat crop has been partly destroyed; this and the large immigration of last year, will increase the demand for flour far in excess of the possible local production. Under the circumstances the salvation to better our present situation was to look abroad, so we did; and we were fortunate enough to secure large quantities of flour at a comparatively low figure, of which we give the benefit to our customers and the public:

HENCE DOWN GOES THE PRICE

1st Hungarian Patent, \$2.65
2nd Strong Bakers \$2.25 single bags
" " " \$2.20 in lots
3rd Assiniboia \$1.65 (grade next to Strong Bakers)

SPOT CASH

We guarantee our flour to be the best made, out of good hard wheat, from up-to-date mills.
The Proof Of The Pudding Is In The Eating Of It.

We have a car in and more will follow regularly. Bear in mind that this is not to run opposition to anybody but simply to supply our customers and the public with their daily bread, like everything else in our stores, at the lowest possible figure. When coming for your flour do not forget to bring a list of all your wants. We can fill your order from beginning to end. We have the best and largest stock of Groceries, Dry Goods, Boots and Shoes, Ready Made Clothing, and Hardware, in the country.

ALL INVITED

ALL WELCOME

REVILLON FRERES

WHOLESALE

AND

RETAIL

LOCAL

—Hockey match tonight, Wetsaskiwia vs. Edmonton, at Thistle rink at 8 o'clock.

—Harry S. Hook is opening a music studio in the Gilmer block, First street.

—O. M. Tait is opening his photo studio today in the Gilmer block, First Street.

—The weather has moderated considerably and is now very pleasant, with splendid sleighing.

—Williamson Bros. shipped a car of 150 hogs to Calgary last week and will ship another tomorrow.

—A large crowd is expected at the Wetsaskiwia-Edmonton hockey match tonight. The teams will sit down to a banquet at the Criterion restaurant after the match.

—Eugene Rhian, editor and proprietor of the Ponoka Herald, is a visitor in town today, and gave the Bulletin a pleasant call. He came up to attend the Liberal convention in Strathcona as secretary of the Central Liberal Association.

—Paul Ross is in from the Pembina River with his freight teams to take out Mr. Thos. Drummond, D. L. S., and surveyor's outfit to survey that district. He is also looking for the cable for the ferry which he intends running there the following summer.

—The entertainment in Robertson hall last night given by the Whites, was very largely attended. The entertainment was one of the best of its kind ever given in Edmonton. Clara's orchestra furnished special music, which was very greatly enjoyed.

—J. J. Getz, of Red Deer, a delegate to the Liberal convention in Strathcona, called at the Bulletin office this morning. Mr. Getz has not been in Edmonton for ten years and is greatly pleased with the size and general appearance of Edmonton, and Red Deer is making great progress.

—Calgary Herald.—Mrs. Bolton, of Leane, came down from the north last night, and went west to Victoria, B. C., to join her son there, whose bride was drowned in the recent Clallam disaster. Mr. Bolton was picked up clinging to some wreckage. He was married only four weeks ago to Miss Eleanor Gurd, of Cranbrook.

—J. A. Appleby and R. W. Armstrong have opened out in the undertaking business. Their offices are over Laurendeau Bros. liquor store. A handsome new hearse with upholstery in connection has been imported and Mr. Appleby, who is a practical undertaker, will give his personal attention to all business.

—The special meetings that have been in progress for the past two weeks in the Presbyterian church will be brought to a close on Friday evening of this week. This evening Rev. Mr. Hooper will speak at 8 o'clock in the church. The subject of his address will be "The Woman Whom Thou Gavest." Tomorrow night, at the closing meeting, he will speak on "Jesus is Coming." All will be made heartily welcome.

PERSONAL

A. G. Fraser returned from Calgary last night.

Fancy dress carnival at the rink tomorrow night.

C. C. Reed, of Ponoka, is spending today in the city.

W. J. McNamara, of Wetsaskiwia, is in Edmonton today.

A. MacFay, a delegate to the Strathcona Liberal Convention, is spending the day in Edmonton.

Calgary Herald.—Mr. and Mrs. A. B. Cushing, of Edmonton, are guests at the home of W. H. Cushing, of this city.

C. D. Algar of Ponoka, is in Edmonton today, having stayed over from attending the Liberal convention in Strathcona last night.

BIRTHS

HARRISON.—At Edmonton on Wednesday, Jan. 20th, to Mr. and Mrs. A. G. Harrison, a daughter.

DEATHS

LOWE.—At Edmonton Public Hospital, on Thursday, January 21st, Mrs. Richard Lowe, aged 34 years.

The funeral will take place on Saturday afternoon at 2 o'clock from the family residence at Starpoint. A husband and two small children survive her.

DEATH OF WM. PATTON.

The Hudson's Bay packet brought word to Ed. Negie, of Hialo & Negie, of the death of Wm. Patton, who was in charge of their trading post at Fort Norman, on the Mackenzie river. It appears that Mr. Patton was cleaning a gun, when it discharged, and instantly killed him. Mr. Patton was 34 years of age and had been with Hialo & Negie for thirteen years, being one of their most trusted men. The remains will be taken out next year for interment. Mr. Patton had numerous friends in Edmonton, who were greatly shocked to hear of his untimely death.

THE TARIFF

Lacombe Globe.

It is difficult to comprehend how any thinking man could conscientiously oppose high tariff in the western part of our Dominion. In a manufacturing centre the sophistries of the high protectionists may no doubt be expressed in a plausible way and made easily palatable to the voter who possibly does not think very clearly or profoundly for himself. But here where we are consumers of manufacturers' products, the Manufacturers' Association and the Conservative party, wealthy and powerful though they may be, will find that they have set themselves to an impossible task in attempting to pour political pap into the ever open and hungry mouths of Eastern manufacturing individuals and corporations. But though the arguments of protectionists are plausible to the population of a manufacturing centre, nevertheless they are in reality as fallacious there as here. That manufacturer who cannot exist without protection might better go to the wall. Capital invested in the manufacture of articles which the conditions and natural resources of the country do not tend to make successful, would then flow into natural channels and the result would be pre-eminence in the manufacture of those articles which the availability of raw material and natural conditions point to as the natural manufacture products of this country. Moreover, protection destroys aggressive individual enterprise and beneficial competition, which is the very life and breath of modern business, and the safeguard of the people. Protection inevitably results in over-production, glutted markets, and periods of depression. Why? Because it is unnatural; because it results in exotic enterprises which are begun to drop because they are the result of artificial stimulation. Is it not then, the acute or blatant check for the Conservative party, headed by Mr. Borden, championed in these protectionist principles by a mighty and oratoric Mr. Tait, to ask the people of the West to pour into the already well filled coffers of the manufacturers their hard earned money in order that they (the manufacturers) may for a time reap abundant uncaring profits, a condition which would soon lead to the depression and ruin of the western part of Canada, and in the end reach the manufacturing centres as well, for a policy which will lead to depression in one part of this country will ultimately reach it all. The policy of the Liberal party is at present, in every way, increase the prosperity of Western Canada, but the policy of this great party is not alone for one part of Canada. It is a policy calculated to bring to the front rank commercially all Canada, and in so strongly advocating western measures will meet with success in this larger object, for the West is today and will be still more in the future, the keystone of Canadian prosperity.

It is not recognizing, in ignoring this fact, that the Conservative party, deluded as they are by traditions and ancient academic policies, are creating in Western Canada by their partnership to the eastern manufacturer, a hostile sentiment which will lead to their over-whelming defeat.
